Certification Weekend, June 12-14, 2026, for Scuba Training Members

Welcome to your Scuba Certification Weekend

We'll see you in Tobermory as you arrive on Friday, June 12 for the next two days of training and scuba diving with Blue North Scuba Club. Tobermory is the freshwater diving and shipwreck capital of Canada!

What is Blue North Scuba Club?

Blue North is the "preferred dive operator for HHUC." Blue North Scuba Club was created specifically to provide a variety of open water diving experiences in Ontario beyond the 100 km HHUC travel restriction limit. Your own course instructors will be leading the Open Water Training in Tobermory as qualified NAUI Instructors of Blue North Scuba Club to enable you to complete your NAUI Scuba Diver certification. The two separate clubs work in tandem to provide pool and open water scuba opportunities. Membership in Blue North Scuba Club for 2026 is part of your scuba certification package and can lead to additional diving and training opportunities throughout the summer.

Certification

Your Blue North NAUI Instructors, Martin and Courtney, will fill you in on the skills and activities leading up to your certification. Tobermory is a unique location for certification dives with great visibility and interesting limestone ledges to explore on your Saturday shore dives at Lighthouse Point. Then on Sunday, you have the good fortune to experience scuba diving from a charter dive boat on some interesting shipwrecks in the area, suitable in depth to your level of experience. You'll have a chance to practice both shore diving and boat diving entries and exits, buoyancy control and buddy awareness under the watchful eye of your knowledgeable instructors and assistants.
